# JUSTICE FOR ANNA POLITKOVSKAYA!

**Protest at the Russian Embassy  
Saturday October 14 • 12 noon  
5 Kensington Palace Gardens, London W8  
(Notting Hill Gate tube)**

Anna Politkovskaya, shot dead by a hit-man in Moscow last Saturday, was Russia's leading investigative journalist. At great personal risk she reported Russia's bloody occupation of Chechnya. Politkovskaya's was at least the twelfth contract-style slaying of a journalist since Vladimir Putin came to power. Her assassination follows a crackdown on media freedom in Russia and the muzzling and intimidation of journalists. We will demand a thorough independent investigation into Anna Politkovskaya's death and those of other slain colleagues. And we will declare our support for those fighting for free reporting in Putin's Russia.
