We provide affordable insurance at home, abroad and in hostile regions. We cover what most policies exclude: war - whether declared or not, civil war, terrorism and rebellion.

Where are you covered?
We don’t just cover you on assignment but also those working at home. We cover journalists, including those from the US, in Afghanistan, Iraq, Central African Republic, Cuba, Iran, North Korea, Sudan and Syria.

Who do we cover?
We cover journalists whether freelance or employed including reporters, producers, photo journalists, still photographers, camera crew, sound engineers and production staff.

Insurance for journalists covers you wherever the story takes you.

What do we cover?
Accidental death and disablement in all the countries in the zone you choose as well as all the counties in the lower zones.

All our policies include emergency sickness and accident healthcare and, if necessary evacuation and repatriation back to your home country. This is subject to a $250 deductible. For full terms and conditions see our website.

Simple and affordable.
We can provide cover from one week to one year and from $50,000 to $500,000 or 5x annual earnings. Payment and cover is available in $ and €

No waiting, no fuss.
You can buy online, for cover within minutes and peace of mind throughout your trip.
Straightforward, affordable rates.

We can provide cover from one week to one year. A $10 policy booking fee will be added to these premiums. The maximum sum we insure is $500,000. If you require more than that, please contact us.

The sum insured increases pro-rata based on our one-week rate. For example: 7-weeks cover for countries in the Medium zone would be (7 x $24) $168 plus $10 booking fee.

Accidental death and disability insurance, designed by journalists for journalists.

Don’t compromise: we give you world-class emergency claims support.

All our insurance policies/claims are supported by specialist emergency assistance company, Northcott Global Solutions Ltd (NGS). They are accredited to both ISO 9001 and ISO 27001 standards.

NGS provide us with a 24/7/365 control centre, direct connections to over 7,000 local support organisations worldwide and the authority of the insurers to make payments directly to car and security providers.

They can react in minutes to an emergency even in places where there is little or no domestic emergency infrastructure. NGS is normally with a client in urban areas within 40 minutes (and often much faster). This makes the typical 3-7 day industry standard response time obsolete.

Medical evacuation and repatriation

In the case of a medical emergency requiring evacuation an injured client will be taken to the most suitable healthcare facility nearby for immediate care and will only be repatriated back home when they are well enough to travel. (This may be in a different country to where they were injured.)

Change in your plans?

You can extend your policy to suit changes in your plans even if you are already on assignment. All of these changes can be made online at www.insuranceforjournalists.com through your own Secure Online Account. This includes cover for new trips, extended trips including higher hazard zones/countries.

Cover and costs for alternative policy amounts may be purchased on our secure website: www.insuranceforjournalists.com/ifj
